10:00AM REGISTRATION & BREAKFAST									
11:00AM ● EXP201 Reduce cost and increase efficiency with AWS Cloud		● USE101 How AWS helps bring digital public goods from India to the world <i>with Digital India Corporation, eGov Foundation, and MOSIP</i>						10:50AM ● EXP206 Adopt modern application lifecycles and DevOps with AWS	
11:50AM KEYNOTE									
12:50PM LUNCH									
1:55PM ● ADT202-S How Koo builds near real-time personalised feeds on AWS <i>with Koo, sponsored by Aerospike</i>		● EXP202-S How cloud can help India innovate the healthcare space <i>sponsored by Intel</i>		2:05PM ● USE201 Building citizen-scale e-governance applications on cloud <i>with Digital India Corporation</i>		● INV101 Create a culture of innovation and action in the public sector <i>with Bangalore International Airport Limited, Digi Yatra Foundation, UNFPA, and Coal India Limited</i>		1:50PM ● USE205 Train your team to use ML models with Amazon Redshift	
2:55PM ● ADT101 The digital transformation journey with AWS <i>with Cygnet Infosystems, irisgst.com, and Goods and Services Tax Network</i>		● EXP101 Accelerating power sector transformation with AWS <i>with TP Western Odisha Distribution Limited and PTC India Limited</i>		● USE202 The only goal: Make healthcare accessible to all <i>with CDAC, Plus91, Driefcase, and Qure.AI</i>		● INV201 How EdTechs push tech barriers to transform learning <i>with Unstop, Practically, and Careers360</i>		2:50PM ● USE301 Dive deep into securing modern applications	
3:55PM ● ADT102 Use data insights to improve citizen services with AWS ProServe		● EXP203 Scale citizen platforms on AWS		● USE203 Affordable education with AWS for thousands in rural India <i>with NxtWave and LEAD</i>		● INV202 Build Web3 and blockchain applications on AWS <i>with Polygon, LegitDoc, TraceX, and 21K School</i>		3:50PM ● EXP207 Manage FHIR healthcare data with AWS	
4:55PM ● ADT203 Bolster security with Zero Trust framework on AWS		● EXP204 Scale for impact: Transforming the way EdTech reaches students with AWS <i>with Physics Wallah and Metis Eduventures Private Limited</i>		● USE102 Build secure systems and support your mission with AWS Cloud <i>with Cropin Technologies Private Limited and mJunction</i>		● INV102 Embed ML to impact lives and livelihoods of Indian citizens <i>with PTC, Wadhvani AI, Intello Labs, and SHL</i>		4:50PM ● ADT103 Digital maturity framework for higher education institutions	
5:45PM ● ADT204 Build Quantum Computing Solutions on AWS		● EXP205 Use AWS AI services to extract information from documents		● USE204 Serverless and container: Better together		● INV103 Scale your geospatial platform using GeoAI <i>with IGenesys and Map My India</i>		5:35PM	

Tracks explained

I'M ADOPTING CLOUD STRATEGIES

I'M EXPERIMENTING WITH AWS

I ALREADY USE AWS

I INNOVATE WITH AWS

I'm adopting cloud strategies

This track is ideal for decision makers and anyone curious about cloud computing. Learn about cloud capabilities from AWS experts, and hear from customers about building and executing their cloud strategies. This track highlights how AWS approaches key issues, including data protection and how to reach scale.

I'm experimenting with AWS

This track is for customers building solutions with AWS Cloud. Sessions focus on cloud acceleration, including migrations, security operations, and modernisation. Attendees learn how to experiment and achieve citizen impact securely, manage applications at scale, and adopt analytic and machine learning to gain insights.

I already use AWS

This track helps attendees deepen their understanding of cloud-centred technology. Sessions dive into cloud architectures and changes organisations have made to best capitalise on the benefits of the cloud. Topics include modern application development, microservices, data governance, operating models, and financial operations (FinOps).

I innovate with AWS

This track empowers decision makers and technologists with information on how emerging technologies can help them deliver on their missions. Session topics cover cultural change, digital transformation, and skills enhancement.

Session IDs explained

Each session ID starts with an abbreviated three-letter code followed by a three-digit numeric code representing the session level based on technicality of the content.

USE 201

Abbreviated three-letter code for topics listed within each session

Please note:

Sponsored content will follow the same format above, followed by -S (i.e. SEC201-S)

Level 100

Introductory

Sessions are focused on providing an overview of AWS services and features, with the assumption that attendees are new to the topic.

Level 200

Intermediate

Sessions are focused on providing best practices, details of services features and demos, with the assumption that attendees have introductory knowledge of the topics.

Level 300

Advanced

Sessions dive deeper into the selected topic. Presenters assume that the audience has some familiarity with the topic, but may or may not have direct experience implementing a similar solution.
