

Attendee Guide

Welcome!

On behalf of AWS, we are excited for you to join us at the AWS Summit Washington, DC on June 7-8 at the Walter E. Washington Convention Center! This year's conference offers over 220 sessions to help you deepen your cloud knowledge and gain skills to design, deploy, and use the cloud for your mission.

Whether you are just getting started with the cloud or you are an advanced user, join us to network with technologists, AWS partners, and peers to get inspired and build.

REGISTER NOW

EVENT OVERVIEW AGENDA KEYNOTE SESSIONS EXPO NEXT STEPS

Event overview

AWS Summits are comprehensive cloud technology events hosted by AWS. They are a free opportunity to learn about AWS, network with peers, and sharpen your skills. Our vibrant, inspiring cloud community can't wait to meet you.

What to expect

Discover how public sector customers are adapting to change and challenges and constructing innovative solutions in the cloud. Learn what it takes to drive culture change, digital transformation, and infrastructure modernization.

Who should attend

All levels of cloud expertise are welcome. Whether you're just getting started or you're an experienced cloud user, you'll learn key concepts that can be applied right away in your organization.

EVENT AGENDA

Agenda overview

Join the keynote, visit the Expo, and choose from over 220 breakout and interactive sessions. Come to connect, collaborate, and dive deep into cloud computing technology.

June 6	Early badge pick up: 12:00pm – 7:00pm ET
June 7	Registration & Expo open: 8:00am – 6:00pm ET Keynote: 11:00am – 12:15pm ET Sessions: 9:00am – 5:15pm ET Networking reception: 5:00pm – 6:00pm ET
June 8	Registration open: 8:00am – 5:00pm ET Expo open: 8:00am – 3:00pm ET Sessions: 8:00am – 5:00pm ET

Keynote

Join Max Peterson, vice president of AWS worldwide public sector (WWPS), to learn how customers are using the power of AWS to accelerate their digital transformations and deliver mission-critical outcomes. Hear about how organizations are unlocking new opportunities with the cloud and discover the latest advancements that can help you move faster, increase security, and keep costs low. Featured customers speakers will share how they're leveraging AWS to get the agility and resilience needed to keep pushing boundaries and drive further innovation.

Breakout content

EVENT OVERVIEW

Covering 40 different topics across 220 sessions, AWS Summit Washington, DC is your opportunity to catch up on the latest technologies in cloud computing. Choose the learning methods that work best for you, from interactive chalk talks to lecture-style breakouts.

Sessions are available from foundational (100) through expert (400) levels. You can grow your skills no matter where you are in your knowledge or career. Browse the session catalog for an in-depth view of everything offered.

SESSION CATALOG

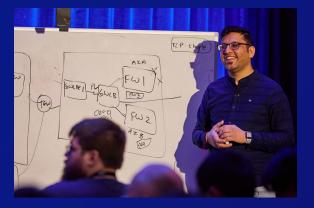

Session types

EVENT OVERVIEW

BREAKOUT SESSIONS

60-minute lecture-style presentations covering a broad range of topics for various skill levels delivered by AWS experts, builders, customers, sponsors, and partners. Breakout sessions typically include a Q&A session at the end of the presentation.

CUSTOMER LIGHTNING TALKS

30-minute presentations where attendees hear directly from AWS customers about their cloud journeys. Attendees can discover how customers are innovating, expediting, and scaling real-world solutions.

CHALK TALKS

60-minute highly interactive experience intended to foster a technical discussion about realworld architecture challenges. Chalk talks begin with a short lecture delivered by an AWS expert, followed by whiteboarding and a Q&A session.

WORKSHOPS

120-minute interactive sessions where attendees work in small groups to build a solution to a problem using AWS products and services. Each workshop starts with a short lecture by the speaker, and there are additional AWS experts in the room to make sure every group gets the assistance they need. Attendees must bring their laptops to participate.

Session types

BUILDERS' SESSIONS

EVENT OVERVIEW

60-minute interactive, small-group sessions led by an AWS expert who guides attendees as they learn how to build with a product or service on AWS. The session begins with a short explanation of the intended task, and then attendees experiment and build. Attendees must bring their laptops to participate.

LABS

60-minute hands-on learning experiences designed to use the AWS Labs platform and lab experience products for self-paced digital training and instructor-led training.

DEEPRACER WORKSHOPS

90-minute interactive sessions using AWS DeepRacer to learn the basics of reinforcement learning (an advanced machine learning technique). Attendees must bring their laptops to participate. Ready to put your device to the test? The fastest developer at DC Summit will earn the opportunity to advance to participate in the AWS DeepRacer League Championships at AWS re:Invent 2023.

GAMEDAY

120-minute collaborative gamified learning sessions that test skills in implementing AWS solutions to solve real-world problems in a gamified, risk-free environment. This is a completely hands-on opportunity for technical professionals to explore AWS services, architecture patterns, best practices, and group cooperation under minimal guidance. Attendees must bring their laptops to participate.

EVENT OVERVIEW AGENDA KEYNOTE SESSIONS EXPO NEXT STEPS

Sessions featuring nonprofits

SC101

Leveraging technology to advance global health equity

The World Bank estimates over 696 million people are unable to meet basic needs such as health, education, and stable living conditions. Learn how three organizations are building on AWS to increase equitable access to these nonmedical drivers responsible for as much as 80% of health outcomes.

Speaker(s)

Touch Foundation, Litesprite, Greenstand

SC102

Creating equitable access to the cloud through social impact programs

Learn how Halcyon House and AWS are working to promote community-driven solutions to some of the worlds most complex social challenges, like climate resilience in Latin America and the Caribbean.

Speaker(s)

Halcyon House

SC103

Scaling simple, powerful technology interventions that help saves lives

Learn how two founders, with different life-altering experiences, built organizations that deliver scalable technology interventions powered by AWS. Explore how both organizations worked backward to design, build, and scale these important solutions.

Speaker(s)

Flikshop, Who We Play For

Session recommendations for nonprofits

With over 40 topics and 220 sessions, it can be tough to decide what to attend. To help, we've curated recommendations specifically for nonprofit organizations.

WDV101

Working backwards from employer demand to create new cloud talent

The cloud skills gap, a challenge to driving digital transformation, presents an opportunity for all sectors to unite to create a pipeline of entry-level, cloud-skilled talent. Hear from the New York City Mayor's Office and Queensborough Community College as they share how to created and implemented training programs that you can apply.

BIZ301

Improve constituent & agent experiences with Amazon Connect analytics

Contact centers generate large amounts of data from self-service interactions, call and chat transcripts, and sentiment analysis that can be used to gain valuable insights into customer intent. Learn how to leverage these insights with Amazon Connect to improve personalization, efficiently route contacts, and increase self-service issue resolution rates.

Session recommendations for nonprofits

STG201-S

Take mission-driven innovation to the next level with an evolved cloud

Public sector missions are complex, whether supporting readiness on the front lines, modernizing public health infrastructure to care for citizens, helping students pilot advanced research, or ensuring that airlines transport passengers safely. A customer-driven panel explores the capabilities of an evolved cloud to reduce IT complexity, reduce time to delivery, save costs, and drive missions forward.

ANT202

Evolving your data platform to accelerate mission outcomes

Data-driven companies focus on solving their customers' most compelling challenges and opportunities not by thinking in terms of data platforms, but in terms of data products. Data product thinking changes the strategy from focusing on creating large monolithic platforms to building data products in iterations. In this chalk talk, discover how organizations can accelerate outcomes by building data products using AWS services.

OPS201

Working with open data and ML on AWS

In this builders' session, learn how to find data on the Registry of Open Data on AWS and AWS Data Exchange, and discover how to use Amazon Athena, Amazon QuickSight, and Amazon SageMaker to analyze and train machine learning models for geospatial data. You must bring your laptop to participate.

Nonprofit Leadership Forum

JUNE 8 | 1:00 PM - 5:00 PM | ROOM 145A

Join fellow nonprofit leaders for an engaging half-day of learning, discussion, and networking.

- Hear directly from your nonprofit peers leveraging AWS to advance mission impact.
- Share experiences, engage in dialogue, and walk away with tangible next steps to advance your organization's cloud journey.
- This is a no cost event, but space is limited please arrive early!

Schedule

- 1:00-2:30pm: *Understanding your cloud maturity mindset to drive mission impact*
- 2:40-3:10pm: Developing strategies fueled by data
- 3:10-3:40pm: Peer networking for nonprofit leaders
- 3:50-4:20pm: *Trusting a partner to help advance your cloud journey*
- 4:20-4:50pm: *Building a culture of innovation*

Nonprofit Evening Reception

JUNE 8 | 5:00 PM - 7:00 PM | UNCONVENTIONAL DINER

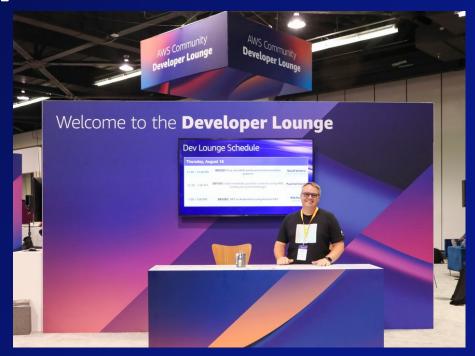

Cap off your experience at the Amazon Web Services (AWS) Summit Washington, DC with a networking reception for nonprofit. Connect with fellow nonprofit leaders who are leveraging cloud technology to drive impact and meet the AWS Nonprofits Team. Enjoy drinks and light bites - only a 5 minute walk from the Summit venue.

- All attendees must be registered for the AWS Summit Washington, DC and show their badge to enter the reception.
- This is an invite-only event, and space is limited. Kindly confirm your attendance by registering by Friday, June 2, 2023.

June 8 | 5:00PM – 7:00 PM

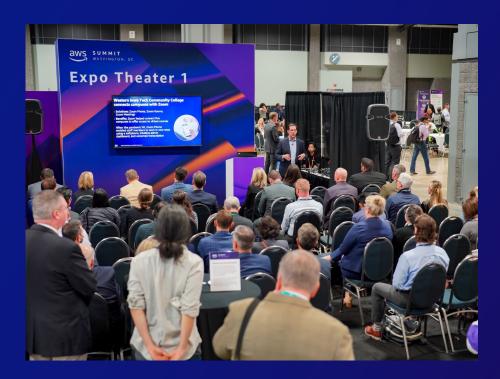

Unconventional Diner
1207 9th St NW, Washington, DC 20001 (just steps from the Convention Center
Register

Expo sessions

DEV CHATS

30-minute community-led sessions where attendees hear directly from AWS customers and AWS Heroes about how they are innovating, expediting, and scaling real-world solutions.

LIGHTNING TALKS

15-minute sponsor-led presentations that are dedicated to a specific customer story, service demonstration, or AWS Partner offering.

Expo activities

AWS VILLAGE

EVENT OVERVIEW

Visit the AWS Village to get your questions answered by AWS experts. Hear from staff at the various kiosks covering topics such as State and Local Government, AWS for Education, AWS for Healthcare and Life Sciences, National Security, AWS Sustainability, and much more. Collect a sticker at any of the kiosk locations within the AWS Village.

AWS DEEPRACER

AWS DeepRacer is the fastest way to get rolling with machine learning (ML). Developers of all skill levels can get hands on with ML through a cloud based 3D racing simulator, fully autonomous 1/18th scale race car driven by reinforcement learning, and global racing league. Attend the DeepRacer workshop to learn more!

AWS TRAINING AND CERTIFICATION HUB

Learn from AWS experts about how AWS Training and Certification can help you gain practical experience with real-world cloud scenarios, validate your cloud expertise, and much more.

Expo activities

AWS ON AIR

EVENT OVERVIEW

AWS On Air brings you the latest news, announcements, launches, and demos from AWS. Watch as we review the latest launches, provide live product demos, and talk to the AWS Training & Certification team, AWS Partners, and AWS customers.

AWS HYBRID AND EDGE ZONE

AWS hybrid cloud and edge computing services bring cloud capabilities on premises and to the furthest edge to support workloads that require low latency, local data processing, or data residency. Check out AWS edge infrastructure up close and learn how you can empower global operations and tactical edge deployments with AWS to improve quality of service and mission outcomes.

AWS DISASTER RESPONSE

AWS enables disaster response organizations to access AWS Cloud services and technology at the edge, even in the harshest conditions. Don't miss the AWS Disaster Response "rolling lab," a purpose-built Jeep 4xe Wrangler parked on the L Street Bridge. AWS customized this vehicle to power and integrate AWS Snow Family devices, networking, communications, and Internet of Things (IoT) gear into a rolling collaboration lab that supports humanitarian assistance and disaster response (HADR) uses cases.
