AWS Well Architected Review – Process

Assessment (2-3 Hours)

- ✓ Invite Cross functional stakeholders (IT, Business..)
- ✓ Discovery walkthrough, discussions & whiteboarding
- ✓ Data collected from the discovery will captured & recorded

Findings (8-16 Hours)

- ✓ An ACME AWS Professional Solution Architect will provide analysis
- ✓ Any Risks identified will be presented in High, Medium or Low classifications
- ✓ An action plan for remediation will be prepared and presented

Roadmap (1-2 Days)

- ✓ ACME will work with your team to implement the remediation items
- ✓ Creation of Statement of work, Authorization and execution to resolve the Risks
