												Panel discussion: Building your developer journey with AWS [L100]

AWS DEEPRACER WORKSHOPS

- Get rolling with Machine Learning on AWS DeepRacer [L200]
- Shift your ML model into overdrive with AWS DeepRacer analysis tools [L300]
- Replicate AWS DeepRacer architecture to master the track with SageMaker Notebooks [L400]

STARTUP CENTRAL

AI/ML	AI/ML	AI/ML
AI/ML applications in Fintech [L100]	Build AI-powered applications without any machine learning expertise [L100]	Scaling your Startup: What to expect when you are building an ML team [L200]
FINANCIAL SERVICES		SECURITY, COMPLIANCE & IDENTITY
The Future of Payments [L200]		Meeting MAS Technology Risk Management Guidelines on AWS [L200]
GETTING STARTED ON AWS		GETTING STARTED ON AWS
Growing and Scaling with AWS Startup Programs [L100]	Focus on growth and reduce costs with AWS Managed Services [L200]	

BUILDERS' ZONE

TECH-FOR-GOOD	AWS RE:INVENT 2020 SERVICES	AI/ML
Never Forget a Face	Automated Chaos Engineering	Customer intent prediction to shorten calltime at contact centers
TECH-FOR-GOOD	TECH-FOR-GOOD	SMART OFFICE / HOME
Story Book Reader: Translate & read in local languages	Know if Someone Falls	"Alexa, Power on my Training Lab!"

<p>Level 100 Introductory</p> <p>Sessions are focused on providing an overview of AWS services and features, with the assumption that attendees are new to the topic.</p>	<p>Level 200 Intermediate</p> <p>Sessions are focused on providing best practices, details of service features and demos with the assumption that attendees have introductory knowledge of the topics.</p>	<p>Level 300 Advanced</p> <p>Sessions dive deeper into the selected topic. Presenters assume that the audience has some familiarity with the topic but may or may not have direct experience implementing a similar solution.</p>	<p>Level 400 Expert</p> <p>Sessions are for attendees who are deeply familiar with the topic, have implemented a solution on their own already, and are comfortable with how the technology works across multiple services, architectures, and implementations.</p>
