Gameday												AWS Gameday: F1 League

LEVEL 100
Foundational

Sessions are focused on providing an overview of AWS services and features, with the assumption that attendees are new to the topic.

LEVEL 200
Intermediate

Sessions are focused on providing best practices, details of service features and demos with the assumption that attendees have introductory knowledge of the topics.

LEVEL 300
Advanced

Sessions dive deeper into the selected topic. Presenters assume that the audience has some familiarity with the topic, but may or may not have direct experience.
