Kick start your machine learning journey with AWS DeepRacer

The [AWS DeepRacer League](#) will be rolling into the AWS Summit Brussels. You can get hands-on with reinforcement learning and build a model, then compete by submitting your model to the virtual leaderboard for the AWS Summit Brussels. The top 2 racers will go on to the regional championship where you can compete for an expenses paid trip to re:Invent 2022 where the AWS DeepRacer Championship Cup will be held.

Start your engines and register for the workshop

We offer [virtual trainings](#) and we will have two workshops at the AWS Summit Brussels with a limited number of seats available. Workshop 1 from 9:00 AM till 10:30 AM and Workshop 2 from 1:15 PM till 2:45 PM.

(Find the [agenda](#) of the day here)

The DeepRacer workshop at the Brussels Summit provides developers of all skill levels an opportunity to get hands-on with AWS DeepRacer to learn the basics of reinforcement learning (a machine learning technique). During this workshop, you have the opportunity to dive into the AWS DeepRacer console to build a reinforcement learning model for an autonomous driving application. Take your model from the classroom to the track to compete in the AWS DeepRacer League to race for prizes, glory, and a chance to advance on to the regional Championships!

How to register for the workshop?

Please [send us an email now](#) to register for the workshop. We will send you a confirmation email within 2 business days to confirm your attendance. Please note, you will need to sign up for the AWS Summit Brussels before we can reserve your seat at the workshop. Please indicate which workshop (1 or 2) you prefer.

We are looking forward seeing you at the AWS Summit Brussels.

Best regards,
The AWS Public Sector team

PS: If you have a DeepRacer model already setup - just come and race it!
Our pit crew is waiting for you.
