WHITE PAPER

Wipro Cloud Studio

**An industrialized "as-a-service" model to accelerate
cloud-led transformation**

Industry challenges

Everything from the way we bank, shop, and travel has changed and is made easy with the click of a button – with every transaction and interaction – anywhere, anytime. The utilization of cloud computing has evolved from simply a means to cut costs or increase efficiencies to a foundational component of business transformation. The Cloud 2.O era is all about enabling business acceleration, providing superior customer experiences, and connected insights.

Crafting the right strategy

Adopting the right technology

Operationalizing cloud-native development

The roadblocks to cloud adoption

Finding the right engagement model

Building the right ecosystem

Enabling application agility

Wipro Cloud Studio

Wipro Cloud Studio is a one-stop marketplace that enables our customers to reimagine their cloudification journey and accelerate cloud adoption. Leveraging a highly automated and industrialized approach, our Cloud Studio enables 'lift and shift', re-factoring, re-platforming, and deploying a cloud-native and DevOps environment. This phygital studio includes immersive customer experience zones collaboration pods for ideating and developing next generation solutions with hyperscalers and builds futuristic workspaces.

Strategize	Modernize	Transform
Discovery & assessment	Cloud migrations services Re-host	Cloud native custom development Re-Architect | Greenfield dev.
Recommendation & roadmap	Cloud application modernization Re-factor | Re-platform | Assurance	Business processes through SaaS
	Cloud integration Integration	Product cloud services IOT | Edge computing | Cloud AI/ML
	Data platform modernization Cloud DW | Analytics	Cloud engineering DevOps

Security

Change management

Governance
