

AUGUST 29 - SEPTEMBER 1, 2022

VMware Explore

Accelerate business transformation by migrating and modernizing your VMware workloads with AWS. With seamless, optimized access to over 200 native AWS services, you can modernize your applications, unlock the value of your data, and innovate faster with cloud-native technologies like containers, serverless computing, machine learning, and artificial intelligence.

Gain insights from our partners and customers, learn more about cloud migration with AWS, and choose from 20+ in-booth theater sessions for a chance to win a **Fire 10 HD tablet**.

AWS Sessions

Learn how AWS and our partners are helping customers innovate faster, modernize applications, and rapidly transition to the cloud.

[Register](#)

Session Spotlight

Navigating business transformation goals with VMware™ Cloud on AWS

Session ID: [3034](#)

SPEAKERS

Ashish Dhawan
Managing Director – Worldwide Sales for Enterprise Workloads, AWS

Ofir Abekasis
CEO – TeraSky

Mark Vaughn
Sr. Director – Presidio

Yves Sandfort
CEO – Comdivision

SESSION INFO

August 30, 2022
3:30 PM-4:00 PM PST

Roundtable | Level T200
Moscone West, Level 2,
Meet the Experts, Table 4

Session Spotlight

Effective migration strategies: Lessons from large-scale migrations to AWS

Session ID: [3032](#)

SPEAKERS

Aarthi Raju
Senior Manager - EC2 Engineering, AWS

Andy Reedy
Senior Manager - Product Management, AWS

SESSION INFO

August 30, 2022
4:00 PM-5:00 PM PST

Breakout | Level T200
Moscone West, Level 2,
Room 2007

Session Spotlight

Migration and modernization at scale with VMware Cloud on AWS

Session ID: [MCLB3036USS](#)

SPEAKERS

Samir Kadoo
Worldwide VMware Strategic Alliance Solutions Architecture Leader, AWS

SESSION INFO

August 31, 2022
11:00 AM-11:30 AM PST

Theater | Level T300
Moscone South, Lower Level, The Expo Theater 2

Featured Speakers

Ashish Dhawan
Managing Director – Worldwide
Sales for Enterprise Workloads, AWS

Steven Jones
General Manager – VMware Cloud on
AWS & SAP, AWS
