

Take Advantage of AWS Training and Certification for AWS Partners

AWS Training and Certification empowers your team to build their competence, confidence, and credibility so you can better support your customers with essential knowledge of the AWS Cloud.

Close the cloud skills gap

As the cloud transformation continues, organizations need additional cloud expertise to achieve their business goals. In fact, 90% of IT decision makers report cloud skills shortages and the need for educated, certified partners to close the skills gap.

AWS Training and Certification courses can help. According to AWS Partners surveyed*, obtaining AWS Certification had the biggest business impact in the following areas:

- ✓ **28%** agreed it improved customer retention.
- ✓ **55%** agreed it improved the quality of solutions and deliverables.
- ✓ **26%** agreed it increased the number of deployments to new solutions.
- ✓ **36%** agreed it increased the number of customers migrating to AWS solutions.
- ✓ **31%** agreed that it shortened their implementation time.
