## Getting Started: AWS Training and Certification Portal

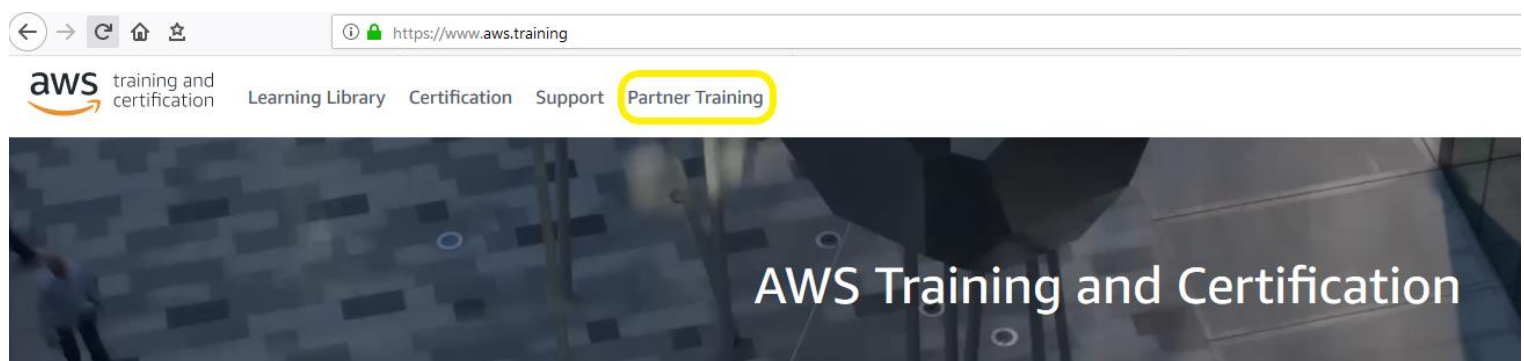

The AWS Training and Certification Portal allows you to access and manage your training and certification activities, progress, and benefits – all in one place. This is the central place to find and enroll to AWS Training, register for AWS Certification exams, track your learning progress, and access benefits based on the AWS Certifications you have achieved.

**As an AWS Partner you get to enjoy benefits such as free eLearning and exclusive instructor-led courses.** With that in mind, it is imperative that you log into the AWS Training and Certification Portal using your APN credentials. Please follow the instructions below to sign-in to the Portal using your APN credentials.

## How to access the AWS Training & Certification Portal as an APN Partner

You can navigate directly to the Partner Training section of the AWS Training & Certification Portal using this link: <https://www.aws.training/PartnerTraining>.

Alternatively, if you are on the main page of the AWS Training & Certification Portal, you can access the Partner Training section by clicking on **Partner Training** on the top bar, and will be redirected to <https://www.aws.training/PartnerTraining>.

In both cases, you will end up on the main Partner Training page, and from here you can either explore all training options that are available to you as a Partner without signing in (click on **View Learning Paths**), or log in / create a Partner account (click on **Sign In**).

### Step Three: How to access a virtual training on GoToTraining and Troubleshooting

In order to launch your virtual training, please follow the steps below.

Log into the **[AWS Training and Certification Portal](#)** and sign in to your account

\*\* Please make sure you can log in without issues prior to the training \*\*  
***Did you forget your password? [Click here](#)***  
***If you still can't log into your account, please [contact APN support](#)***

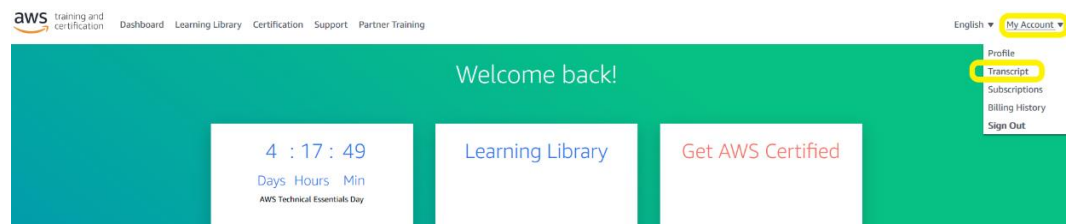

### Need more help?

Visit our FAQs: <https://aws.amazon.com/training/faqs>

Contact us: <https://aws.amazon.com/contact-us/aws-training>

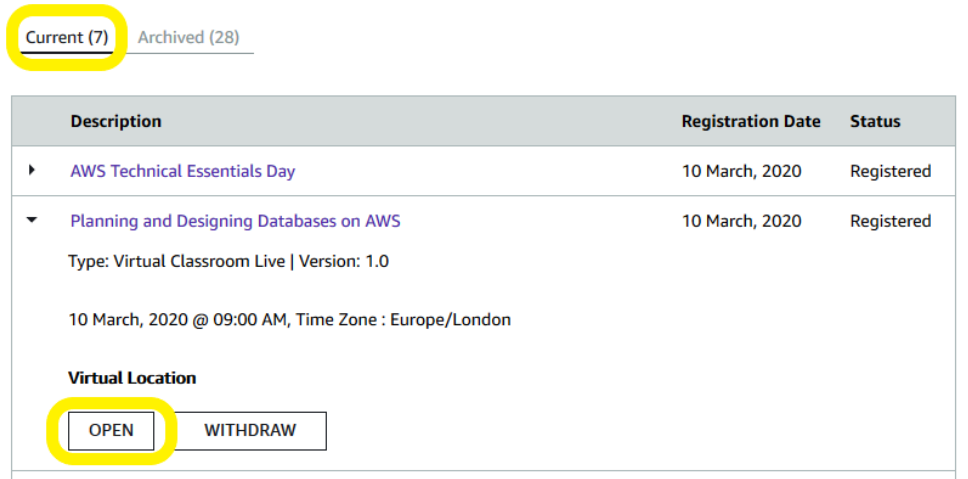

APN Support: [https://www.apn-portal.com/knowledgebase/?cu=1&fs=ContactUs&l=en\\_US](https://www.apn-portal.com/knowledgebase/?cu=1&fs=ContactUs&l=en_US)

Go to your Transcript page by clicking on My Account and then selecting *Transcript*

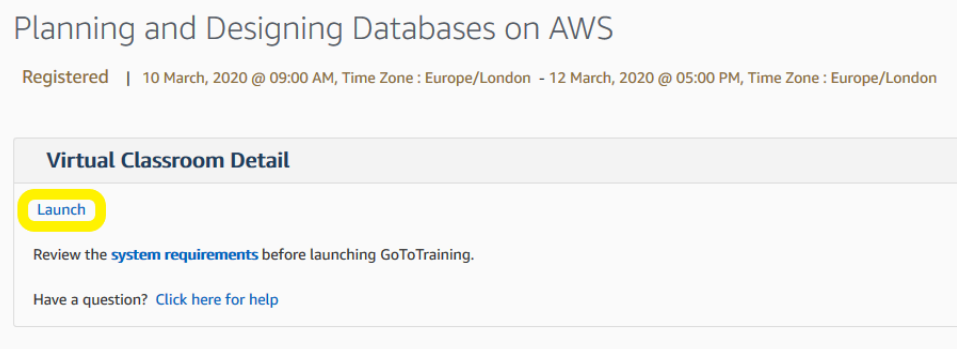

Select the Current tab, find the course you wish to launch and select *Open*

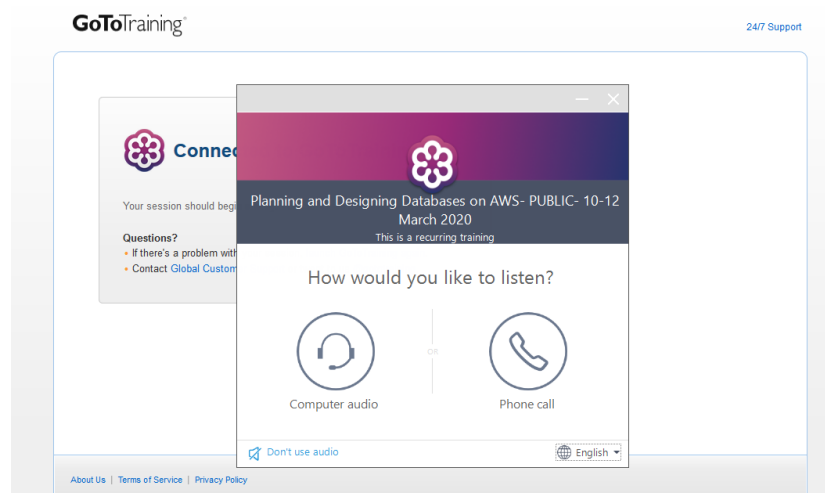

The Current tab displays upcoming and in-progress training. After completing or withdrawing from a class, it will be moved to the Archived tab.

You will be redirected to the class detail page – Click *Launch*. **Please note:** If you have a pop-up blocker enabled, be sure to allow pop-ups for the site so that our content can launch.

You will be redirected to GoToTraining. Follow the instructions to join the class.

APN Support: [https://www.apn-portal.com/knowledgebase/?cu=1&fs=ContactUs&l=en\\_US](https://www.apn-portal.com/knowledgebase/?cu=1&fs=ContactUs&l=en_US)

### Troubleshooting tips

If this is the first time you join a virtual training session on GoToTraining, we recommend to try and join a Test Session ahead of the training. To do so, please follow instructions on [this page](#).

Here are some troubleshooting tips for the most commonly used web browsers. In order to troubleshoot the issue, please follow the steps below:

- Make sure you have the latest version of your browser installed
- Disable the browser’s pop-up blocker
- Double check that cookies are enabled on your browser
- Install the latest version of Adobe Flash and make sure it is enabled
- Temporarily disable any ad-blockers on your computer
- Close all browser windows
- Try launching our course content in the AWS Training and Certification Portal again
