

ICT	THURSDAY, MAY 30, 2024 QUEEN SIRIKIT NATIONAL CONVENTION CENTRE								
8:30 - 9:30	Registration & Solutions Expo Showcase							Expo (All-day)	
9:30 - 10:45	Welcome Remarks							AWS Zone Developer Lounge Skill Builder Zone Startup Loft	
	Opening Keynote								
10:45 - 11:30	Morning Break & Solutions Expo Showcase								
	Track 1 Reimagining Industries with AWS	Track 2 Modernise your workload	Track 3 The future is now with data and generative AI	Track 4 AWS for Developers	Hands-on (Bring your own device)		Express Trainings		
11:30 - 12:00	Digital Technology Innovation in Retail and CPG	Harness the power of AWS to build game-changing applications	Build a data foundation to fuel generative AI	Supercharge software development with Amazon Q Developer	11:00 - 12:30	AWS generative AI GameDay: Session 1	11:00 - 11:55	Generative AI for decision makers	
12:00 - 12:30	Harnessing the power of generative AI to boost productivity across your organisation	Navigating cloud security in the digital era	Build generative AI-powered apps with MongoDB Atlas on AWS	Better reliability with SLOs			12:00 - 12:55	Building generative AI responsibly	
	DailiTech	Palo Alto Networks	MongoDB	Datadog					
12:30 - 13:30	Lunch Break & Solutions Expo Showcase								
13:30 - 14:00	How 7-Delivery improves your retail experience with AWS	Resilience redefined: Building multi-region architectures on AWS	Reinventing with generative AI on AWS	Best practices for Amazon Q Developer - Inline code suggestion	14:00 - 17:00	AWS generative AI Hackathon with PartyRock!	13:00 - 13:55	Introduction to prompt engineering	
14:00 - 14:30	Improving patient outcomes using generative AI in healthcare	Strengthen your security posture with AWS	AWS vector database capabilities best practices	Customising generative AI applications for your business using your own data			14:00 - 14:55	Securing your AWS Cloud	
14:30 - 15:00	Bangkok Bank: Adopting observability for digital channels	CrowdStrike 2024 Global Threat Report	Building real-time next generation AI applications with Confluent on AWS	Set your AI strategy up for success with a solid data foundation			15:00 - 15:55	Exam prep: AWS Certified Solutions Architect – Associate	
	New Relic	CrowdStrike	Confluent	Snowflake					
15:00 - 15:30	Unleashing possibilities: Empowering innovation and transformation	Enhance your applications security and availability with Elastic Load Balancing	Generative BI in Amazon QuickSight	New era of IaC: Effective Kubernetes management with AWS Cloud Development Kit and cdk8s					
15:30 - 16:00	Afternoon Break & Solutions Expo Showcase								
16:00 - 16:30	How to deliver business value in financial services with generative AI	Migrating to AWS Graviton with AWS container services	Smarter, faster analytics with generative AI & ML	A developer's guide to cloud networking	15:30 - 17:00	AWS generative AI GameDay: Session 2			
16:30 - 17:00	Transformation everywhere in Financial Services	Developing serverless solutions	Best practices for analytics and generative AI on AWS	AI for DevOps: Modernising your DevOps operations with AWS					
17:00 - Close	Solutions Showcase Expo & Networking
