

## THURSDAY, 25 MAY 2023

10:00AM - 12:30PM [GMT +5:30]	AWS SUMMIT MUMBAI KEYNOTE RECAP							
12:30PM - 1:00PM [GMT +5:30]	BREAK							
TRACK	1:00PM - 1:30PM [GMT +5:30]	1:30PM - 2:00PM [GMT +5:30]	2:00PM - 2:30PM [GMT +5:30]	2:30PM - 3:00PM [GMT +5:30]	3:00PM - 3:30PM [GMT +5:30]	3:30PM - 4:00PM [GMT +5:30]	4:00PM - 4:30PM [GMT +5:30]	4:30PM - 5:00PM [GMT +5:30]
AI & ML ON AWS	Generative AI on AWS - Build and scale generative AI applications with foundation models <b>Praveen Jayakumar</b> Head of ML Solutions Architecture, AWS India	Sony Pictures transforming business using AWS Analytics and AI and ML services <b>Rahul Sureka</b> Enterprise Solutions Architect, AWS India <b>Mahesh Patil</b> Head IT, Infrastructure & Security, Analytics & Data Lake, Sony Pictures Networks India	Innovations from Elastic - Drive speed, scale & relevance <b>Ravindra Ramnani</b> Principal Solutions Architect, Elastic	Using Amazon SageMaker to power Trouve-India's 1 <sup>st</sup> visual discovery platform for the jewelry industry <b>Sanket Dhurandhar</b> Principal, AI & ML Specialist, AWS India <b>Vivek Das</b> Founder, Unlearn Innovation Pvt Ltd	Unlock data value with Snowpark and Streamlit <b>Sumeet Tandure</b> SE Manager, India, Snowflake	Building a virtual continuous glucose monitor and Indian food detector using AI & ML on AWS <b>Kousik Rajendran</b> Principal Solutions Architect, AWS India <b>Abhijit Khanis</b> VP of Engineering, HealthifyMe	Fi.Money - Building a Neobank powered by AWS Machine Learning <b>Arun Mathew</b> Client Relationship Manager, AWS India <b>Prasanna Ranganathan</b> Founding Member, Fi.Money	AI governance, security, collaboration with Amazon SageMaker - New features <b>Sudhanshu Hate</b> Principal AI & ML Specialist Architect, AWS India
BIG DATA AND ANALYTICS	How OLX Autos migrated their search platform to Amazon OpenSearch Service <b>Akshaya Rawat</b> Senior Solutions Architect, AWS India <b>Ankit Kohli</b> Engineering Manager, Personalisation & Search, OLX Autos	BigBasket's enterprise BI journey with Amazon QuickSight <b>Sonam Chaudhary</b> Solutions Architect, AWS India <b>Sanjeev Kumar</b> Head, Analytics, BigBasket	Real-time analytics using Apache Druid as a Service on AWS <b>Abhishek Agarwal</b> Senior Engineering Manager, ImPLY	Dream11's journey of building their data platform on AWS <b>Vatsal Shah</b> Senior Solutions Architect, AWS India <b>Vikas Gite</b> Principal Engineer, Dream11	5 Great ways to reimagine your data layer with Redis <b>Jitender Singh Gahlot</b> Principal Solutions Architect, Redis	How PayU Finance reinvented the data platform for FinTech <b>Jayesh Vartak</b> Solutions Architect, AWS India <b>Piyush Gupta</b> Chief Data Scientist, PayU Credit	How Gupshup built their multi-tenant messaging analytics platform on Amazon Redshift <b>Soujanya Konka</b> Senior Solutions Architect, AWS India <b>Pankaj Bisen</b> Director of Engineering, Gupshup	How India Today built a customer data platform (CDP) <b>Neha Garg</b> Solutions Architect, AWS India <b>Sanjay Nagpal</b> Chief Information Officer from India Today Group, Digital
MIGRATION AND MODERNIZATION	Accelerating migration & modernization journey on AWS <b>Vishal Gupta</b> Senior Solutions Architect, AWS India	DTDC's digital transformation and modernization journey with AWS leveraging SAP and enterprise data <b>Saurov Sarkar</b> ERP on AWS, BD Leader, AWS India <b>Santosh Abbimane</b> Chief Financial & Transformation Officer, DTDC Express Ltd.	Discover the benefits of AMD technology on Amazon EC2 <b>Sanjiv Mehta</b> Country Manager, AMD	Transforming post-trade processing in the cloud for zero down time with cross-region resiliency <b>Ruchi Kapur</b> Solutions Architect, AWS India <b>Ashok Rajashchekrappa</b> Director Architecture for NextGen Core Brokerage Platform, Fidelity Investments	Building bridges to the future : Our simplified approach <b>Rakshit Bhatt</b> SVP & Cloud Business Head, Redington Limited	Migration factory: Axis Bank's journey to the Cloud <b>Ramakrishnan K</b> Senior Solutions Architect Manager, AWS India <b>Harsh Wardhan</b> SVP, Head Cloud CoE, Axis Bank	Migration and Modernization on AWS: RateGain's journey <b>Maheswaran S</b> Principal Solutions Architect, ISV, AWS India <b>Shobhit Agrawal</b> SVP of Engineering, RateGain	Modernizing Microsoft workloads - Strategies and tools to go cloud native <b>Zaheer Shaikh</b> Senior Cloud Application Architect, ProServe, AWS India <b>Vikash Agarwal</b> Cloud Application Architect, ProServe, AWS India
STORAGE AND DATABASES	How Koo used Amazon DynamoDB to connect millions of voices globally <b>Kayalvizhi Kandasamy</b> Senior Solutions Architect, AWS India <b>Vivek Yadav</b> VP, Data Engineering, Koo	Beyond the 11 9s of durability - Data protection with Amazon S3 <b>Sandeep Aggarwal</b> Solutions Architect, Storage, AWS India	Couchbase: A faster, easier, and more flexible DBaaS <b>Anish Mathew</b> Principal Solutions Architect, Couchbase	How Paytm leveraged Amazon Aurora to achieve high TPS for their payment gateway workload <b>Punit Jain</b> Senior Solutions Architect, AWS India <b>Vinay Singhal</b> VP of Engineering, Paytm	Driving down costs for enterprise apps and devOps in AWS <b>Shuja Mirza</b> Director, Solutions Engineering, NetApp India & SAARC	Case study on ABP Network's video archival on cloud <b>Vel Palraj</b> Enterprise Solutions Architect, AWS India <b>Subhash Dhyani</b> Senior Vice President, ABP Network	Database modernization from legacy commercial to open-source database <b>Nethravathi Muddarajaiah</b> Senior Database Specialist Solutions Architect, AWS India	Optimize storage using Amazon Fsx for Lustre <b>Vibhu Pareek</b> Solutions Architect, AWS India
SECURITY AND RESILIENCE	Cloud is normal, Security is the key differentiator <b>Lalit Kumar</b> Principal Security Architect, AWS India <b>Atish Bhanushali</b> SVP IT, HDFC Bank	Security is top priority - How AWS Security operates under the hood <b>Vikas Sood</b> Security Assurance, AWS India <b>Avanish Yadav</b> Senior Networking Specialist Solutions Architect, AWS India	Cybersecurity transformation - Better together with AWS <b>Rakesh Singh</b> Cloud Security Solutions Architect, Palo Alto Networks	Building a culture of security and driving a high performance team with security metrics <b>Ravindra Ved</b> Security Solution Architect , AWS India <b>Himanshu Das</b> Chief Information Security Officer, CRED	Securing app life cycle via zero-trust In DevOps supply chain <b>Bisham Kishnani</b> Head of Cloud Security & DevSecOps Engineering, APAC & Japan, Check Point Software Technologies	Understanding and measuring resilience needs <b>Chandrasekar Munibudha</b> Principal Solutions Architect, AWS India <b>Medha Shree</b> Solutions Architect, AWS India	How Cisco achieved multi-region resilience for their learning platform with Amazon EKS <b>Jayesh Kumar Tank</b> Senior Cloud Architect, AWS Proserve, AWS India <b>Raja Soundaramourty</b> Engineering Leader & Cybersecurity Officer, Applications and Platform, Cisco	Validate the resilience of your workloads using chaos engineering <b>Abhishek Jawali</b> Enterprise Solutions Architect, AWS India <b>Ayush Kumar</b> Solutions Architect, AWS India
BUILDING SOFTWARE & SOLUTIONS ON AWS	Building software and solutions on AWS <b>Praveen Sridhar</b> Head, ISV Segment, AWS India <b>Pradeep Rathinam</b> Chief Revenue Officer, Freshworks	Journey to multi-tenant architectures <b>Smita Singh</b> Senior Solutions Architect, ISV, AWS India <b>Smita Ojha</b> SVP, Engineering, Mindtick	How MongoDB enables your end-to-end data lifecycle <b>Himanshumali</b> Principal Solutions Architect, MongoDB	Data monetization in SaaS <b>David John Chakram</b> Solutions Architect, AWS India <b>Madhusudan Tharani</b> Global CTO, Near	Can we really trust developers to handle security? <b>Lawrence Crowther</b> Head of Solutions Engineer APJ, Snyk	Modernization at scale: Building for the world <b>Maheswaran S</b> Principal Solutions Architect, ISV, AWS India <b>Chris Branagan</b> CTO, IBS Software	Pricing and packaging your solutions - Breaking down unit costs <b>Tom LeGrice</b> Partner Development Manager, SaaS, AWS	Panel discussion - Software builders of tomorrow <b>Kumara Raghavan</b> India Head Startup Sales, AWS India <b>Kausambi Manjita</b> Co-founder & CPO, Mason <b>Jayalakshmi Manohar</b> Founder & CPO, Streak AI Technologies Pvt Ltd <b>Shinjini Kumar</b> Co-founder, SALT
BUILDING DIGITAL INDIA OF TOMORROW	Digitizing the Indian economy with technology enabled finance through GSTN <b>Shalini Kapoor</b> Chief Technologist, Public Sector, AWS India <b>Dheeraj Rastogi</b> EVP Services, Goods and Services Tax Network	Creating educational impact in India through multilingual conversation AI platform <b>Kiran Challapalli</b> Deep Tech Business Leader WWPS, AWS India <b>Jairaj Bhattacharya</b> Co-founder and CEO, ConveGenius	Secure deployments with intelligent automation for DevSecOps <b>Nalin Agrawal</b> Director Solutions Engineering, Dynatrace	Scaling citizen platforms to impact billions of Indians <b>Vikas Tiwari</b> Solutions Architect Leader, Government, AWS India <b>Shri Rishikesh Patankar</b> COO, CSC e-Governance Services India Limited & CEO, CSC Academy	Necessity for proactive edge computing <b>Ananthkumar K S</b> Leadership, ManageEngine Site24x7 and CloudSpdend, Zoho Corporation Pvt. Ltd.	Digital India - Leading with emerging technologies on AWS <b>Kanishka Agiwal</b> Head of Service Lines, Public Sector, AWS India <b>Satyaki Raghunath</b> Chief Strategy and Development Officer, Bangalore International Airport Ltd	Revolutionizing natural fiber farming and supply chain in India using IoT and AI, to impact millions of farmers <b>Shreya Pathak</b> Solutions Architect, AWS India <b>Shiv Prasad Khillar</b> VP Engineering, ReshaMandi	Building a scalable and intelligent platform with a learner-centric approach <b>Sachin Punyani</b> Solutions Leader, Public Sector, AWS India <b>Anil Kommneni</b> CTO, Infinity Learn
BUILDING EMERGING TECHNOLOGIES ON AWS	Building infra for Web3's exponential growth with AWS <b>Venkatramana Aneth Achar</b> Solutions Architect, AWS India <b>HG Shiva Kumar</b> Co-founder & CTO, unmarshallo	The journey of Web3 - How AWS and Polygon are building the new web <b>Nikhil Velpenur</b> Head of Web3 & Joint Innovation Centre, AWS India <b>Kamakshi Arjun</b> Partnership Head, APAC, Polygon Labs	Building a log strategy so you can sleep better at night <b>Mohamed ElNokali</b> Enterprise Solutions Architect, Datadog	Enterprise blockchain infrastructure <b>Utkarsh Pandey</b> Startup Solutions Architect, AWS India <b>R. Ravi Chamria</b> Founder & CEO, Zeeve	Feature or function? Using feature flags in AWS Lambda <b>Adrian Lee</b> Enterprise Solutions Engineer, LaunchDarkly	Financial asset tokenization using managed blockchain <b>Mohammed Asadulla Baig</b> Senior Technical Account Manager, AWS India <b>Calvin Koonamplakkal Paulson</b> Director of Engineering, Fidelity Investments	Building a globally scalable, low latency, and cost-effective crypto derivatives trading platform <b>Darshit Vora</b> Senior Startup Solutions Architect, AWS India <b>Saurabh Goyal</b> CTO, Delta Exchange	Web3 - enabling monetization for creators <b>Ian Holtz</b> Senior BDM, Web3, AWS <b>Ashish Singh</b> CTO, Virtualness
GETTING STARTED ON AWS	Improving developer productivity with Amazon CodeGuru <b>Bittu Singh</b> Technical Account Manager, AWS India <b>Mohammed Nawaz Shaikh</b> Technical Account Manager, AWS India	A guide to starting your AI & ML journey on AWS-Choosing the right services from the ML stack <b>Ayush Agrawal</b> Startup Solutions Architect, AWS India <b>Supreeth S Angadi</b> Startup Solutions Architect, AWS India	Driving a cost-conscious culture with FinOps <b>Arti Mittal</b> Practice Manager, Proserve, AWS India <b>Goldie Sehgal</b> Enterprise Solutions Architect, AWS India	Breaking monolith into microservices, while deploying with AWS <b>Jyotisankar Behera</b> Technical Account Manager, AWS India <b>Rama Krishna Sanjeeva</b> Enterprise Solutions Architect, AWS India	Networking considerations for a scalable architecture <b>Avanish Yadav</b> Senior Networking Specialist Solutions Architect, AWS India <b>Swapnil Tiwari</b> Startup Solutions Architect, AWS India	Shifting security to left of CI/CD pipeline <b>Upendra V</b> Enterprise Solutions Architect, AWS India <b>Sathish Kumar Prabakaran</b> Enterprise Solutions Architect, AWS India	Building next-gen applications using resilient serverless architectures <b>Varun Kumar</b> Senior Startup Solutions Architect, AWS India <b>Santhakumar Rajangam</b> Enterprise Solutions Architect, AWS India	From thought to experiment - Accelerating innovation through the use of serverless technologies <b>Ankush Agarwal</b> Associate Solutions Architect, AWS India <b>Mike Rocha</b> Senior Solutions Architect, AWS India
BUILDING MODERN ENTERPRISE ARCHITECTURES	Enterprise architecture - State of union <b>Manikandan Chandrasekaran</b> Principal Solutions Architect, AWS India	To scale in or scale out? Here's how Dream11 scales on AWS <b>Vatsal Shah</b> Senior Solutions Architect, AWS India <b>Ritesh Sharma</b> Engineering Manager, Dream11	How Paytm leverages AWS to perform millions of daily transactions on FASTag <b>Nikhil Khokhar</b> Senior Solutions Architect, AWS India <b>Nipun Arora</b> AVP, Technology, Paytm	Nurturing digital consumerism at a massive scale with Airtel IQ <b>Punyabrota Dasgupta</b> Principal Solutions Architect, AWS India <b>Rohit Jain</b> VP & Head of Technology, Airtel IQ, Airtel Digital Limited	How Kfintech modernized their data platform to power innovation <b>Shailesh Mishra</b> Senior Solutions Architect, AWS India <b>Vonkayala Venkata Giri</b> CTO, KFin Technologies Ltd.	Grocery delivery goes serverless at More Retail <b>Sangram Mohite</b> Solutions Architect, AWS India <b>Arjun Patel</b> Technical Lead, More Retail Private Limited	Empowering Mahindra Auto dealers using next-gen dealer management system <b>Aparajithan Vaidyanathan</b> Principal Solutions Architect, AWS India <b>Sanjeev Trivedi</b> GM, Architecture & DevOps, Mahindra & Mahindra	Building large scale micro frontends <b>Jayesh Shinde</b> Cloud Application Architect, ProServe, AWS India <b>Ajay Nagar</b> Senior Cloud Application Architect, ProServe, AWS India
FINANCIAL SERVICES	Redesigning customer journeys at Axis bank with modernization strategy on AWS <b>Satheesh Kumar</b> Principal Solutions Architect, AWS India <b>Sanjay Jain</b> Chief Technology & Product Officer, DBAT, FreeCharge	Accelerate your digital revenues with SKALEUP a technology services offering by Bajaj Finserv Direct powered on AWS <b>Mahesh Beri</b> Principal Solutions Architect, AWS India <b>Bhavesh Mehta</b> Head of Product & Pre-sales, SKALEUP	Extreme resilience for both worlds: On-Prem and Public Cloud <b>Pankaj Verma</b> IBM Distinguished Engineer, CTO-Hybrid Cloud, IBM Consulting India & SA	Motilal Oswal simplifies capital gain calculation at scale with a data lake on AWS <b>Ajay Shah</b> Solutions Architect, AWS India <b>Shishupal Rathore</b> SVP of Technology, Motilal Oswal Financial Services Ltd	Untethering innovation: Financial services on AWS Cloud <b>Sreekrishnan Venkateswaran</b> CTO, Kyndryl India	How ICICI Lombard built a modern Service CRM platform to achieve scale and optimize cost <b>Trushant Vasudeo</b> Principal Solutions Architect, AWS India <b>Arif Syed</b> Head of Technology, ICICI Lombard	Powering multiple financial products from card transactions to wealth at Niyo with AWS <b>Sathish Hariharan</b> Senior Solutions Architect, AWS <b>Prince Kumar</b> Engineering Manager, Niyo Solutions Inc.	Adoption of AWS for localizing data <b>Mayur Bhagia</b> Senior Solutions Architect, AWS India <b>Melvin Hansda</b> Head of Asia Payments Technology, Barclays
MANUFACTURING AND AUTOMOTIVE	Developing a platform for software-defined vehicles <b>Ankit Kaushik</b> Head Solutions Architect, AWS India	Surveillance optimization of port gate operations using ML at edge <b>Ashish Patel</b> Enterprise Solutions Architect, AWS India <b>Sujoy Chakraborty</b> GM, Strategy & Technology, Adani Ports & SEZ Ltd	Best practices for streaming data over hybrid cloud with EDA <b>Libu Balakrishnan</b> Director, Solution Engineering, India, Solace	Realizing tangible benefits of modernizing CRM system in boosting automotive sales and marketing <b>Kapil Gambhir</b> Senior Enterprise Solutions Architect, AWS India <b>Shobhit Mittal</b> Vice President, Digital Enterprise, Maruti Suzuki India Ltd	HPC on AWS - Solving complex problems with pay-as-you-go infrastructure <b>Sandeep Sovani</b> Global Head of GTM for Engineering Simulation, AWS <b>Gopal Musale</b> Regional Manager, Cae Coe, Tata Technologies Limited	Monitoring EV battery health using AWS IoT FleetWise <b>Reetesh Varshney</b> Senior Solutions Architect, IoT, AWS India	AWS powered supply chain for manufacturing operations in India <b>Anindya Bhattacharya</b> Industry BD, Manufacturing, AWS India	
RETAIL AND HEALTHCARE	Godrej & Boyce's modernization journey with AWS <b>Sangram Mohite</b> Solutions Architect, AWS <b>Poorav Sheth</b> CDO, Godrej & Boyce Mfg. Co. Ltd.	Future of digital healthcare on cloud <b>Manu Shukla</b> Head, Government Transformation (India & South Asia), AWS India	Don't panic! Effective incident response <b>Tara King</b> Director of Developer Relations, PagerDuty	Performing AI guided real-time colonoscopy over a 5G network <b>Suranjan Choudhury</b> Senior Manager, Solutions Architect, AWS India <b>Dr Hitendra Garg</b> MBBS, MD, DM, Indraprastha Apollo Hospitals, New Delhi	McAfee's identity innovation & growth <b>Richard Marr</b> Head of Digital Native Business, Okta <b>Mahesh Tyagarajan</b> VP, Architecture & Platforms, Protection Technology, McAfee	CARPL.ai - Driving the healthcare revolution, by enabling AI from research to clinic <b>Abhishek Sarolia</b> Solutions Architect, AWS India <b>Dr. Vidur Mahajan</b> CEO, CARPL.ai	Using AWS AI & ML services to solve e-commerce problems for the next billion users of India <b>Debdoot Mukherjee</b> Chief Data Scientist, Head of AI & Demand Engineering, Meesho	Managing hyperscale Q-commerce growth with 10 minute delivery times <b>Nikhil Mittal</b> VP of Engineering, Zepto <b>Yash Dayal</b> Head of Engineering, Zepto
MEDIA AND GAMETECH	Enhancing video quality and optimizing delivery cost <b>Girish Nair</b> M&E Specialist Solutions Architect, AWS India <b>Sunand Khare</b> SVP & Head of Video Engineering, ZEE5	Building centralized governance on games infrastructure <b>Kriti Gera</b> Security Specialist Solutions Architect, AWS India <b>Kuldeep Tomar</b> Head of Security, Games24x7	Multi-region highly available media broadcast playlist <b>Maheshwaran G</b> Specialist Solutions Architect, M & E, AWS India <b>Arpit Malani</b> Engineering Manager, Platform & Streaming TV, Amagi Media Labs India	Graphics in cloud, for live streaming <b>Yash Goel</b> Enterprise Solutions Architect, AWS India	Broadcast grade cloud playlist by YuppTV <b>Devesh Sati</b> Solutions Architect, AWS India <b>Uday Reddy</b> Founder and CEO, YuppTV	AWS and Rooter - Building a highly scalable and adaptable mobile broadcast experience <b>Neil Dcruz</b> Startup Solutions Architect, AWS India <b>Adhikaar Marwaha</b> Backend Lead, Rooter
