Timings and sessions subject to change
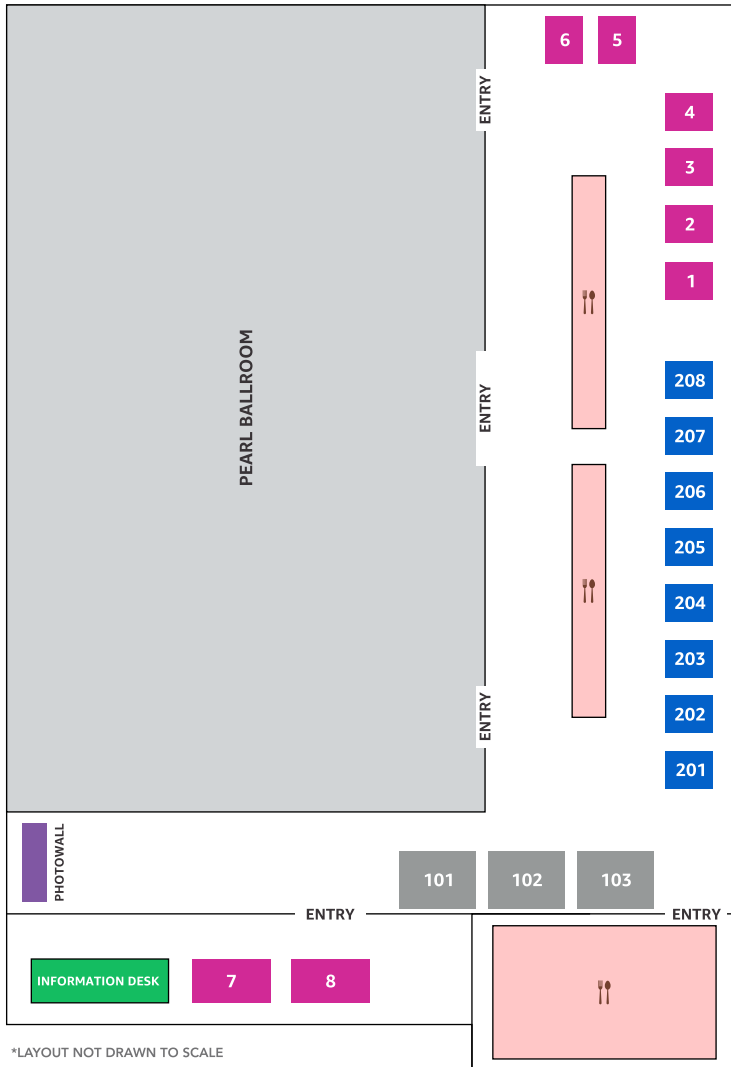

Session level guide

L100: Introductory | Sessions are focused on providing an overview of AWS services and features, with the assumption that attendees are new to the topic.
L200: Intermediate | Sessions are focused on providing best practices, details of service features and demos with the assumption that attendees have introductory knowledge of the topics.
L300: Advanced | Sessions dive deeper into the selected topic. Presenters assume that the audience has some familiarity with the topic, but may or may not have direct experience.
