

Two Weeks

AHEADstart for Amazon WorkSpaces Jumpstart Consulting Offer

Deploy a proof-of-concept environment that includes Amazon WorkSpaces and Liquidware

Leverage this solution to quickly set up an environment that will allow your IT team and end-users to access Amazon WorkSpaces from anywhere in the world

AHEAD Jumpstart benefits

- Quickly deploy a proof-of-concept environment in accordance with best practices
- Integrate Liquidware's solution offerings, *Stratusphere*, *ProfileUnity*, and *FlexApp*, for enhanced performance metrics and desktop management capabilities
- Manage costs with Amazon WorkSpaces Cost Optimizer

Customer Contribution

- Determine how many desktops need to be deployed by the Jumpstart
- Complete the technical pre-deployment checklist
- Determine usernames and passwords for end users

Key activities

Deploy a wide range of Amazon WorkSpaces bundles from small and inexpensive to powerful, GPU-enabled desktops

Provision Windows 7 or Windows 10 enabled desktops in minutes

Enable BYOD for end users and provide secure network access to users

About AHEAD

AHEAD transforms how and where enterprises run applications and infrastructure. From strategic consulting, to implementation and managed services, we create tailored solutions at all stages of the enterprise cloud journey.

Customer Ready Solutions

Discover secure, scalable solutions that help you achieve your business needs through a combination of Amazon Web Services (AWS) services and APN Partners that have attained AWS Competency designations. Based on architectures validated by AWS to accelerate your cloud transformation, you can deploy solutions quickly with AWS Quick Starts and optional Jumpstart consulting offers provided by APN Partners. Visit [Virtual Desktop and Apps with Liquidware](#).
